**INFORMATION DISCLOSURE STATEMENT**

Sir:

In accordance with 37 C.F.R. 1.98, I am submitting a completed "INFORMATION DISCLOSURE STATEMENT BY APPLICANT" (*Form PTO/SB/08A*) with patents and/or publications as delineated therein attached.

JP 5 207945 discloses a method to easily draw out a plug, and to prevent the floor surface, etc., from being flawed by providing a feeding-out plate for extruding the plug at the time of opening a plug cover, in the plug cover provided in a cover shaft of a cord drawing-out part. In a cord drawing-out part 7 part, a plug cover 12 for covering a plug 9 is provided, and the plug cover 12 has a feeding-out plate 13 and is attached so as to be freely rotatable to a cover shaft 14 provided in the outer shell of a main body 1. In such a state, when the plug cover 12 is opened, the plug 9 is extruded by the feeding-out plate 13 and a cord 8 is drawn out by grasping the plug 9. When cleaning is finished, the cord 8 is rolled into a cord reel 2, an end face of the plug 9 pushes the feeding-out plate 13, and the plug 9 is covered with the plug cover 12. As a result, it does not occur that, at the time of movement, the plug 9 is exposed, hits against a floor, a carpet, a mat, etc., and damages them.

If no translation of pertinent portions of any foreign language patents or publications mentioned within the "INFORMATION DISCLOSURE STATEMENT BY APPLICANT" is included with the aforementioned copies of those applications, patents and/or publications, it

is because no existing translation is readily available to the Applicant. As per the Notice in 1273 OG 55 (August 5, 2003) no copies of any above-mentioned US patents and US patent application publications are submitted for this application which was filed after June 30, 2003.

Respectfully submitted
